

DAYA SHANKAR ADHIKARI

Lalitpur, Nepal | dayashankaradhihari@gmail.com | +977-9809359752

SUMMARY

- Motivated Computer Engineering Student with knowledge of Manual QA and Frontend Development.
- Detail-oriented and analytical, focused on finding bugs and building user-friendly web applications.
- Quick learner with leadership experience, ready to ensure software quality and reliability.

SKILLS

- | | | |
|--|-----------------------|-----------------------------|
| • Manual Testing | • Test Case Writing | • Functional and UI Testing |
| • Basic Understanding of SDLC and STLC | • HTML & CSS | • JavaScript |
| • Adaptability | • React | • AWS(Amazon Web Services) |
| • Leadership | • Logical Thinking | • Git & GitHub |
| • Presentation | • Cisco Packet Tracer | • SQL |
| | • Problem Solving | • Teamwork |

EXPERIENCE

ACADEMIC PROJECTS

Campus Hub - College Minor Project (Team Project)

- Developed responsive dashboards, event listings, and search functionality .
- Tested UI responsiveness across multiple devices and screen sizes .
- Validated user workflows and reported frontend-backend data mismatches .

Friend Contact List Application

- Built React app with full CRUD operations using useState and useEffect .
- Performed manual testing on form validation, edge cases, and real-time UI updates .
- Identified and reported UI bugs and state management issues .

ACTIVITIES AND ACHIEVEMENTS

- **Academic Excellence** – Ranked among semester toppers (5th and 6th semesters) in Computer Engineering .
- **Technical Training** – Completed specialized training in React and Manual QA.
- **Networking** – Hands-on experience with Cisco Packet Tracer as part of Computer Networking coursework .
- **Cloud Computing** – Actively learning AWS through Cloud Computing and Virtualization subject .

EDUCATION

Bachelor in Computer Engineering

2022 - Present

Nepal College of Information Technology | Pokhara University
